

# Filipe Marques

## Software Engineer

From the moment I produced "Hello World" in the console of my first application, I knew I was hooked into the world of Software Engineering. It has offered me an engaging challenge to continually learn and improve my skills in creating high-quality software.

**PROJECTS** - All projects can be found at [www.filipemarques.me](http://www.filipemarques.me)

### Recipe Search — React

Display cooking recipes based on search parameters entered by the user.

### Blog Website — Mongoose, Express, React & Node

A website where users can create, read, update and delete articles.

### Language Exchange App — React & Django

An application where users can sign up and have real-time conversations with other users, created with the intent of helping people learn new languages faster.

## EXPERIENCE
