FILIPE MARQUES

SOFTWARE ENGINEER

From the moment I produced "Hello World" in the console of my first application, I knew I was hooked into the world of Software Engineering. It has offered me an engaging challenge to continually improve my problem solving skills and knowledge to create high-quality software. I am thrilled to work collaboratively to develop innovative solutions and best practices for all stakeholders involved.

EXPERIENCE

SOFTWARE ENGINEER
Advisor360 | Mar 2022 - Present

Improved operations by conducting systems analysis and upgrades, and recommending changes in policies and procedures.

Developed and applied complete software life cycle.

First point of contact in case of production issues and medium to high severity bugs.

INSTRUCTOR ASSOCIATE
General Assembly | Feb 2022 - Apr 2022

Led and participated in lessons on ReactJS, Python3/Django, Node.js/Express, among other industry standard tech.

Worked within a team to develop and shape curriculum for 90+ students.

Managed schedules, attendance, and course requirements for all students.

SOFTWARE ENGINEERING FELLOW
General Assembly | Oct 2021 - Jan 2022

3 month full-time immersive with study of software engineering and development concepts, practical use-case, and industry best practices.

Courses in HTML5, CSS3, JavaScript, Git, Node.js/Express.js, Python3/Django, ReactJS, and more.

9+ deployed projects including full stack MERN, Python3, and vanillaJS

PROJECTS – *All projects can be found at [my Website](#)*

CHATTER — *React, Django, PostgreSQL & WebSockets*
An application where users can sign up and have real-time conversations with other users. Created with the intent to help people learn new languages faster.

ARTICLR — *Mongoose, Express, React & Node*
A website where users can create, read, update and delete articles.

RECIPE SEARCH — *React*
Display cooking recipes based on search parameters entered by the user.

EDUCATION

General Assembly – Boston, MA
Software Engineering Immersive | 2022

Quincy College – Quincy, MA
Associates Degree in Computer Science | 2017
